Bane's little Pig Pork

Sausages, per pound. 15c

In fact, General Funston said that the wind-up will be so smooth and rapid that it will take much less time than had been anticipated.

The first landing of any considerable number of Americans took place Sunday night, when 450 marines came ashore. This force proceeded for Cienfuegos. It was explained that this movement was not made on account of any actual trouble in Cienfuegos, but for the purpose of exerting a calming influence on the local situation, which contained some possibility of a conflict by reason of the tense feeling existing between the government volunteers and the insurgents.

The day at the palace passed quietly and rather gloomily. There are yet no signs of Secretary Taft's actual occupancy of that place, which Sunday was the scene of a number of farewells to ex-President Palma and his family. The members of the diplomatic corps and the foreign consuls called in a body to say good-bye.

They gave expressions to many sincere words of friendship and appreciation of the character and kindness of the late head of the republic. Senor Palma received all his visitors with quiet dignity and seemed entirely reconciled to going, although he still appears dejected at the outcome of the revolution.

Palma Declines to Be Interviewed.

Toward evening the private reception room of the palace was thrown open and scores of personal friends called and remained for some time with Senor Palma, his wife and other members of the family. The ex-president is besieged by requests for interviews by cable and in person. The London newspapers are urgent in asking for an interview. To the cables the ex-president has not replied, while to the newspaper correspondents here he has sent word that he has nothing further to say.

Secretary Taft sent a letter to Senor Palma saying he desired to escort him to the railroad station and show him every courtesy due his exalted position. Senor Palma thanked Secretary Taft cordially, but said he wished to leave quietly and without public ceremony.

The disarmament commission has decided that the rebels shall not receive payment for their arms, but each man will be given transportation and subsistence until he reaches home. The programme of disarming is simply that one member of the commission accompanied by one or more representatives of the revolutionists, will visit each command. The arms will be deposited with the battalion commander, who will turn them over to the commission. The rebels will take their horses home, the animals which have been stolen to be returned later to the owners on proper identification.

To Take the Rebels Home.

In order to expedite the return home of the large number of revolutionists in Pinar del Rio province and avoid possible disturbances during the operation, a special train will be run on Wednesday from the point on the line nearest the rebel camps to San Juan de Martinez, the terminus of the Western railroad. Men and horses will be distributed at the intermediate stations. The government will begin distributing rations in the rebel camps at once.

The provisional government has no expectation that even a considerable number of the revolutionists will surrender their arms. Most of the weapons are the personal property of the men carrying them. The first of the disarmament commission left here Sunday night for Puerto Principe. Others will start at once for Santa Clara province on a special train, which will pick up the arms turned in at the various places on the way. Santa Clara province contains the largest number of rebels in arms the work there will be especially arduous.

General Guerra himself will assist in superintending the work of the return of his men to their homes after the forces in Pinar del Rio province have been over their arms.

General Funston expects to remain in Havana in general charge of the work of disarmament. When this is completed he will take command of all the United States troops in Cuba.

General Pino Guerra, speaking of the new situation, said all the men of his forces were eminently satisfied with the arrangements. He expressed the belief that the stability of the government was now assured and predicted that never again would there be a revolution in Cuba, thanks largely to the United States government for the hand it had taken in the settlement.

The disarmament of the government volunteers began here Sunday, when the Estrada Palma battalion of city militia was disbanded.

The story published in the United States that a number of American marines had been killed by insurgents is declared by Governor Taft and the rebel commanders to be without foundation.

Forecast—Fair tonight warmer southeast portion Tuesday, fair warmer northwest portion.

PETER MERTZ, formerly of this city, is a democratic candidate for sheriff at Spokane, Washington. Mr. Mertz was sheriff of this county for several terms when he lived here during the eighties, and no county ever had a better official. It was in the early days when criminals and tough characters thronged the city, and to hold the office of sheriff required courage and judgment of an unusual character, but Sheriff Mertz certainly possessed these, as he met every requirement of those strenuous days in a manner that elicited the admiration of all. His name was a terror to evil doers, and an inspiration to the peaceable citizen. If the people of Spokane want a brave and courageous peace official, as well as a courteous, intelligent and in every way competent one, they will lay party feeling aside and elect Mr. Mertz. THE DISPATCH is republican at all times, but where especial merit exists in an opposing candidate as it does in the case of Mr. Mertz, judging from his services here, all republicans are justified in casting their votes where merit dictates.

LOCAL NEWS NOTES.

Mrs. Julia McDonald went to Staples today noon.

A. P. Riggs returned today from a trip to Jenkins.

A second cook wanted at the National hotel. 100tf

Geo. Moody and H. Spalding went to Bemidji this afternoon.

Dr. J. L. Camp, Dr. A. W. Ide, Messrs. George Stein, Walter Stein.

Stomach and bowels filled with gas? Might turn into appendicitis. Take Dr. Adler's Treatment, Johnson's Pharmacy.

Old papers for sale at this office.

GOT WIRES CROSSSED

The Wires of the Electric Fire Alarm Got Crossed Yesterday and Arcused the Town

When the big whistle at the shops began to whistle at 11:30 yesterday forenoon everyone stopped and took notice. All waited for the waterworks whistle to confirm the fire alarm, but no sound came. Inquiry over the telephone elicited no information, but it was finally learned that the wires at the shops had got crossed in some way and turned in a fire alarm. As soon as possible they were disconnected and the big whistle ceased to disturbed the peace of the Sabbath.

Gymnastics alone can never give that elasticity, ease and graceful figure which comes by taking Hollister's Rocky Mountain Tea. Tea or tablets, 35 cents. H. P. Dunn & Co.

QUICK WORK

One of John Wise's Insurance Policies Paid the Same Day as the Fire

Probably the quickest settlement of fire loss in the history of the city of Brainerd took place last week when John Wise received a check for the face of the insurance policies on his saloon within 12 hours of the time the fire broke out. Special Agent Geo. C. Main, of the Insurance Company of North America was in the city when the fire occurred and gave Mr. Wise a check for the entire amount that same day.

WOULD KILL THE CZAR

ARMED TERRORISTS OBTAIN ACCESS TO THE RUSSIAN EMPEROR'S PALACE.

CLEVER PLOT IS FRUSTRATED

CONSPIRATORS AND SERVANTS WHO ASSISTED THEM PLACED UNDER ARREST.

St. Petersburg, Sept. 29.—A well laid plot against the life of the emperor and one with all the chances of success on its side was uncovered Friday by the arrest of two armed terrorists, a man and a woman, in the quarters of one of the palace servants within the enclosure of the Alexandria palace Peterhof, his majesty's secluded and closely guarded summer residence on Cronstadt bay. The servants and another lackey named Klenikoff, who were concerned in smuggling the terrorists through the guards and arranging their hiding place, were arrested for being implicated in the plot.

Emperor Nicholas had been expected to return to Peterhof this week and it is presumed that the terrorists intended to lay in wait and seize a favorable opportunity to shoot him while he was promenading or playing with his children in the palace grounds. Part of the great park at Peterhof is protected on one side by the waters of the bay and on three sides it is enclosed by a high wall surmounted with iron spikes. This wall is constantly patrolled by trusted Cossacks. Inside the palace grounds the only buildings are the unpretentious palace and two or three smaller houses where the servants are quartered.

Explains Mystery of Letters. The ramifications of the conspiracy, in connection with which arrests have been reported almost daily since Sept. 15, when a lackey and several other persons were arrested, are extensive and may possibly have included two or more sub-divisions, one directed at the emperor and the other against Grand Duke Nicholas. The arrest of these lackeys explains the manner in which threatening letters were introduced into the apartments of the emperor and other members of the imperial family.

A general campaign of arrests and domiciliary visitations was inaugurated in St. Petersburg Friday. It is not connected with the Peterhof plot, but is an outcome of the recent arrival here of a group of Polish Socialists who came to give their St. Petersburg conferees the benefit of their experiences in Warsaw for the organization of a reign of terror in the capital.

Several important consignments of arms and ammunition which arrived here by rail have been seized. Similar seizures of ammunition and arms are reported from Warsaw, Moscow and many other places in the South.

ON HILL IRON ORE PROPERTY. Agreement Said to Have Been Reached With Steel Corporation.

New York, Sept. 29.—Interests representing the United States Steel corporation and the Hill iron ore property in the Northwest held an important conference here Friday and from trustworthy sources it was learned that an agreement concerning this much-discussed deal has finally been reached.

Formal announcement giving the terms of the transfer of the ore lands to the steel corporation will soon be made. Only a few minor details remain to be worked out, according to a statement made by a leading member of the Hill interests and these, it is understood, are in process of satisfactory adjustment.

The terms of the deal are still withheld but it is expected they will be to the very material advantage of holders of the Hill railroad stocks, particularly Great Northern.

The Hill issues were strong and active in the late session of Friday's stock market, Great Northern preferred making a net gain of ten points and Northern Pacific five and a half. The steel stocks, which had been under pressure for some days, with especial weakness in the common shares, recovered sharply.

THREE CHILDREN DIE

Mortality Among Little Ones Still Continues Very Heavy From Bowel Troubles

The death of three more little ones is reported today.

The fifteen-months-old baby boy of C. B. Chartier, little Wilfred, died yesterday of cholera infantum. The funeral will be held tomorrow with interment at Evergreen cemetery.

The week-old baby girl of Mr. and Mrs. Stimzel Booze, of Southeast Oak street died yesterday and was buried today at Evergreen cemetery.

Alman Ray Gould, the two-year-old son of Mr. and Mrs. W. H. Gould, 409 2nd ave., Northeast, died yesterday of cholera infantum and was buried this afternoon after funeral services by Rev. J. E. Berry.

Well Dressed

Boys and Men

Who's your tailor? Who makes your clothes? Does he charge you two values for every dollar of value you get? What are his facilities as compared with ours? If he has only a small store; a few pairs of shoes, a few suits for boys and men, a few pants, you are not getting much for your money. Ours is the largest store in Brainerd. We buy for cash from the largest factories in the East, which means that we bring Men's and Boys' Pants, Overcoats and Suits to the people of Brainerd for at least one-half to one-third what you would pay elsewhere.

Next Thursday and Friday, Oct. 4 and 5 we will put on our special sale of Men's and Boys' Clothing. Watch our "ad" for the prices.

L. J. CALE'S Dept. Store.

WHITE BROS.

BOYS' there is little use in our wasting Printers Ink. For it is a fact known by all Sportsmen, that ours is by far the largest stock of GUNS AND AMMUNITION North of the Cities, and our ammunition is no experiment, our prices are right and the Old Man is always on deck to rent or sell a Gun.

616 Laurel Street.

FARMERS ARE IN GOOD SHAPE NOW

Many More Releases and Satisfactions Being Filed than Mortgages this Year

FEW LOANS ARE BEING MADE

Farmers Apparently are not Needing to Borrow Money this Year as Heretofore

The filing of papers in the office of the register of deeds is always an index of the condition of a county. Where every filing of a release is followed by the filing of another mortgage it is no index of increasing prosperity, but where, as is the case this year in Crow Wing county, there are several releases filed for each mortgage it is an evidence that the farmers are getting in better shape financially and are clearing up the encumbrance on their farms. The register of deeds office shows that firms that were placing several loans a week last fall are notable to place over a couple of them a month this fall, not because the security is not good or the loans desirable, but because there seems little demand for money.

The statement was made recently that the iron excitement had paid off the mortgages on more than 100 farms in Crow Wing county the past year. However that may be, it seems that the farmers are not borrowing this year and are paying off what they borrowed before. Crow Wing county is only just beginning to realize that she has a gold mine on every forty acres of land in the county if properly worked.

A Card.

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough heals the lungs and prevents serious results from a cold. Cures la grippe cough and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. H. P. Dunn & Co.

Republican City Convention

A republican city convention for the City of Brainerd, in the county of Crow Wing, Minnesota, will be held at the county court house, on Fourth street North in said city on Thursday, the 25th day of October, 1906, at 8 o'clock p.m., to place in nomination the following candidates: Mayor, treasurer, assessor, municipal judge and special municipal judge. A primary election in each ward in this city to elect delegates to said city convention will be held Wednesday the 24th day of October at 7:30 p.m. and the polls will be held open at least one hours. Each ward will be allowed in said city convention the following number of delegates based on the vote in 1904 for Theodore Roosevelt for president, one for each 25 votes on major fraction thereof.

St. Francis church held a fair which netted nearly \$800. The Workingmen's club nominated county officers as follows: Louis Tache, for auditor; Ed Mahan, for treasurer; C. B. King for register of deeds, and A. Mahlum for clerk of the courts. J. S. Gardner's large grocery store was destroyed by fire, thought to have originated from the explosion of a lamp which was always left burning. The building was owned by Patrick Carney and was valued at \$800. The stock was valued at from \$5000 to \$6000 and there was an insurance of \$4000.

St. Francis church held a fair which netted nearly \$800.

The Workingmen's club nominated county officers as follows: Louis Tache, for auditor; Ed Mahan, for treasurer; C. B. King for register of deeds, and A. Mahlum for clerk of the courts.

Myron Davenport, living in Cass county, four miles from Aitkin, came to Brainerd and gave himself up to Sheriff Mertz, saying that he had killed a man named J. C. Polley and was afraid of mob violence. He was placed in jail and word was received a few minutes later that he had also shot and killed Charley Polley, a son of J. C. Polley. The shooting was the result of an old feud, but was apparently without immediate cause. Mr. Davenport's wife and son were brought down and placed in jail also.

There is nothing that takes away the beautiful, womanly charms like a plodding, stooped, awkward carriage. There is absolutely no excuse for that so long as Hollister's Rocky Mountain Tea is made. Tea or tablets, 35 cents. H. P. Dunn & Co.

Foley's Kidney Cure will cure any case of kidney trouble that is not beyond medical aid. H. P. Dunn & Co. mfwf

AMUSEMENTS**Special Announcement.**

Arrangements have been completed for the final appearance here at the Opera House next Monday, Oct. 8th, of that much beloved and ever popular presentation of Porter J. White's "Faust" with all the old time realistic and startling electrical effects and numerous new and novel devices in stage craft. In fact the production this year is claimed by managers to far surpass all previous undertakings of Goethe's great immortal play. Frederick J. Wilson, better known among his college chums as "Nick himself" has been particularly selected and he ably sustains Mephisto. Many critics agree, and approve of Mr. Wilson's light and airy interpretation of the character and his peculiar manner in holding an audience and making them feel that they are really on "good terms with the devil." Miss Olga Verne portrays the role of "Marguerite" and is strikingly beautiful and winning in the part and contributes to the performance one of its chief charms. The gowns worn by Miss Verne were specially imported from Paris for this last great renewal of the one true stage sermon. Faust by Paul Terhune is strong and impressive and his emotion genuine, his person appeals to one as being Shakespeare's one ideal of a true and devoted lover. These characters alone in the hands of such well known "Metropolitan stars" is a guarantee in itself of the merit of the entertainment. Another enjoyable innovation is the song of the Intermezzo from "Cavilera Rusticana" the rendition of which expresses the perfection of vocal art. Popular prices, 75, 50 and 25 cents.

*** * *****The Musical Comedy, "The Umpire."**

Possibly the most important of the musical comedy attractions that will visit Brainerd this season is Mr. Harry Askin's production of "The Umpire," whose marvelous run of 315 performances in Chicago has broken all records in that city of musical comedy successes. The play is by Messrs. Hough and Adams as to book and Mr. Joseph E. Howard as to score. The story's plot is of strong melodramatic interest and its action transpires in Morocco, an ideal locale for the scenic artist and costumer. Concerning the music little needs to be said, for the score of hits it contains have been played and encored in every place where there is a band. The cast is one of the most competent that ever interpreted a musical comedy, and is headed by Mr. Fred Mace, the comedian who for the past several seasons has led the funmakers in "Piff, Paff, Pouf." Mr. Julian Mitchell has selected and trained the chorus, which is a veritable garden of feminine beauty. "The Umpire" is booked for an early appearance at the Brainerd opera house.

Result of Neglect.

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow packages. H. P. Dunn & Co. mfwf

REAL ESTATE TRANSFERS.

The following are the real estate transfers recorded for the week ending September 29, 1906.

E. H. Gruenhagen and wife, to Sam'l Walstrom, Sept. 29, wd, lot 11, block 7, Willis add. 425

Nels W. Olson and wife, to T. E. Falk, Sept. 27, wd, part lots 6 and 7, sec. 11, lots 4, 5, 6, 7, 8, sec. 14, and ne $\frac{1}{4}$ of sec. 15, all in 43-31. 1300

H. F. Phelps and wife, to John A. Hobberg, Sept. 24, wd, lots 1, 2, 3, 4, block 7, second add to Brainerd. 200

Jacob Strickler and wife, to Sam'l Walstrom, lot 12, block 7, Willis add to Brainerd. 25

Ernest Trueblood and wife, to Mary H. Trueblood, Sept. 27, wd, ne $\frac{1}{4}$ of nw $\frac{1}{4}$ of 19-44-31. 1280

United States to Wm. J. Hoy, Sept. 25, patent, e $\frac{1}{2}$ of sw $\frac{1}{4}$, sw $\frac{1}{4}$ of sw $\frac{1}{4}$ and lot 1, 26-136-25. 25

United States to Harry Bowman, Sept. 27, patent, ne $\frac{1}{4}$ of sw $\frac{1}{4}$ and lot 3, 6-137-28. 25

Advice to Housewives.

No home is so pleasant, regardless the comforts that money will buy, as when the entire family is in perfect health. A bottle of Orino Laxative Fruit Syrup costs 50c. It will cure every member of the family of constipation, sick headache or stomach trouble. H. P. Dunn & Co. mfwf

MARRIAGE LICENSES

Wm. S. McCarthy and Katherine E. McLaren, Sept. 26.

George W. R. Snell and Christine Dervoak, Sept. 27.

Chas. W. Richmond and May MacMurdy, Sept. 27.

W. W. Martinsdale and Elsie Conat, Sept. 28.

Foley's Honey and Tar cures the most obstinate coughs and expels the cold from the system as it is mildly laxative. It is guaranteed. Do not risk taking any but the genuine in the yellow package. H. P. Dunn & Co. mfwf

The DISPATCH will be delivered at your door for 40 cents per month.

NEW CITY CLERK**TOOK HOLD TODAY**

H. J. Spencer is Sworn in by City Clerk Low as His Successor This Morning.

TAKES HOLD LIKE A VETERAN

New Clerk Settles into Harness Easily and will be at Home in the Work.

Fred Low swore in H. J. Spencer as his successor this morning and the latter is now in charge as city clerk and clerk of the municipal court. It was easy for even a casual observer to see that Mr. Spencer was an old hand at office work by the way he took hold and it was plainly evident that he would be perfectly at home in the office in a few days.

Mr. Low will devote his entire time hereafter to the management of the Bijou theatre, which is proving a drawing card.

Henry E. Jones, of Tampa, Fla., writes: "I can thank God for my present health due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good until I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back or shoulders. I am 62 years old, and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney cure." H. P. Dunn & Co. mfwf

Cozy Homes.

The discovery of a new wick principle—so effective and yet so simple that it's a wonder no one thought of it before—has so revolutionized the manufacture of oil heaters and lamps that explosions smoke and smell, caused by imperfect wick arrangement, may safely be regarded as things of the past.

The new wick attachment is to be found on the Perfection Oil Heater. Interesting tests show that, although the heater gives intense heat, the wick cannot be turned too high or too low—absolute safety thus being assured. One other feature which is worthy of mention is the smokeless device which prevents all smoke and odor. The portability of the heater also commends it for general household use. Heater is very light and can be easily carried about. Its simple operation, usefulness in heating water and warming cool rooms make it a handy and most useful article in any home. This heater is so far superior to other oil heaters, and is of such fair price that its universal adoption is but a matter of time.

The Rayo lamp, which is made by the manufacturers of the Perfection Oil Heater, is without doubt the best lamp for all round household use. Is equipped with the latest improved burner, and gives a bright, steady light at small cost. Suitable for any room, whether library, dining-room, parlor or bedroom.

The Perfection Oil Heater and the Rayo lamp form a combination that for real home comfort cannot be equalled. When consideration is taken of the simple operation of both heater and lamp, their absolute safety, the intense heat generated by the one, and the bright and steady light given by the other—all without smoke or smell—their value in any home, large or small, can be somewhat appreciated. Sold by all good dealers.

CAN'T BE SEPARATED.

Some Brainerd People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Ed. Dechaine, of 601 Fifth St., S., Brainerd, Minn., says: "Hard work brought on a disturbance of the kidney action and I suffered considerable backache at times. This condition led me to go to H. P. Dunn & Co.'s drug store when Doan's Kidney Pills were advertised and get a box, which I used according to directions. The backache was quickly banished and the kidney secretions were regulated. I gladly recommend such a valuable remedy to people of Brainerd."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

Low Priced Atlas.

An up-to-date Atlas of the Northwest and the Orient for \$1.00. The Northern Pacific Railway Company will send an Atlas of the Northwest, very complete in detail, to anyone upon receipt of price named. LITTLE FOR THE DEPOSITORS.

Ohio Bank Closes its Doors After Disappearance of Its President.

Pomeroy, O., Sept. 29.—The Middleport bank, a private institution at Middleport, O., failed to open its doors during the day.

It is stated that all the deposits, amounting to \$115,000, are missing and great excitement prevails. Most of the depositors are poor people and their deposits represented nearly all

SLOWLY INCREASING

DEATH LIST OF STORM IN GULF COAST STATES GRADUALLY GROWING LARGER.

EMERGING FROM CONFUSION

CITY OF MOBILE RAPIDLY RECOVERING FROM EFFECTS OF THE HURRICANE.

Washington, Oct. 1.—The weather bureau announces that another tropical disturbance is reported as approaching the Yucatan channel from the east, but there is no available information as to the intensity of the storm.

Mobile, Ala., Oct. 1.—The number of casualties in the great storm of last Wednesday is slowly increasing as messages are received from places which have heretofore been inaccessible. The total of the known dead is 79, and may possibly reach 120, according to the reports which have just reached Mobile. Four bodies not before counted have been found at Coden and it is estimated that twenty-three lives have been lost from the oyster fleet around Cedar Point. This last estimate is not known to be correct and may be somewhat exaggerated.

It is known that some of the boats on which these men were have been driven ashore and it is entirely possible that some of the crews managed to escape. It does not seem likely that the death roll will amount in this vicinity to more than 125. Mobile itself is rapidly emerging from the confusion. Large gangs of men are at work clearing the streets of debris, three of the street car lines have commenced to run for the first time since Wednesday, the confusion at the docks is rapidly being repaired and business will be at normal action as soon as the railroads are able to run trains.

As yet the Louisville and Nashville is still disabled and is the only road which is not able to maintain a schedule. And the time when that line will be open for regular traffic is conjectural.

Not a Residence Left Standing.

At Scranton, Miss., one church, the Odd Fellows hall and several buildings were blown down. At Pascagoula Beach not a residence is left standing, the river front at that point is completely torn up, and the lighthouse there has been destroyed. Shipping at this point, however, has been badly damaged. The revenue cutter Winona is now known to be safe. The crew rescued the keeper of the Pascagoula lighthouse and his family during the storm. The keeper of the Horn Island lighthouse just outside of Scranton lost his life. The entire end of the island on which the lighthouse was situated is said to have been carried away by the waves.

At Biloxi the damage has been of a minor character. Every bathhouse in the place has gone and the beautiful driveway along the coast at this point, has been destroyed. Boats that sought refuge in the back bay at Biloxi were either sunk or badly damaged.

At Pass Christian no lives were lost and the damage was slight.

Five out of eight vessels at Ship Island were beached and two will be total wrecks.

Several vessels, the names of which are unknown, are ashore off Horn Island and the small islands marking the passage between Dauphin island and the mainland have been destroyed.

The schooner Alice Graham of Mobile is known to have been lost with her crew of six men.

The known dead at Dauphin Island are Captain John Werten of the schooner Irene, Captain Robert Peters of the schooner Lorissa B, and Mitchell Pisell, mate of the same boat.

Four bodies have been picked up in the water near Dauphin Island and have been buried there. Two were evidently sailors and two were boys. The people on Dauphin Island suffered great hardship during the storm and for twenty-four hours were in great danger.

It is believed that the loss to the lumber interests alone by the storm will aggregate \$10,000,000.

The revenue cutter Winona, which for a time was thought to have gone to the bottom in Wednesday's storm, arrived at Mobile Sunday night.

HEAVY DAMAGE AT PENSACOLA.

Entire Waterfront is a Mass of Tangled Wreckage.

Pensacola, Fla., Oct. 1.—Not since the Galveston disaster has such a hurricane swept the gulf coast as the one which struck this city Thursday morning with all impelling force and raged for twelve hours, the wind blowing steadily at eighty and ninety miles an hour, with occasional gusts of 100 miles an hour. The known loss of life up to date is thirty, which will probably be increased to seventy-five, while the property loss will exceed \$5,000,000. The entire waterfront is a mass of tangled wreckage.

Never in the history of this port or in Florida has such wreck and devastation been wrought. Hundreds of persons are homeless, without food

and clothing, and cared for by charity. Many are suffering for want of the necessities of life, and others from exposure. Great steamships and ocean-going sailing vessels which have withstood the hurricanes of oceans were helpless before this terrible death-dealing force and are totally mangled heaps on beaches, mingled with the wrecks of fishing schooners, tugboats and pleasure boats, while thousands of stacks of timber and homes and wharves are intermingled with this aggregation of wreckage.

Shore of the Bay Swept Clean.

From Fort McRae to Escambia bridge, a distance of ten miles, the bay shore has been swept clean, except a few wharves, where floated a fleet of seventy-five large ships before the hurricane. McRae, one of the modern coast fortifications, has been swept from earth and five lives lost; five other people are insane from their terrible experiences. They saved themselves by lashing to the batteries. Fort Pickens and Fort Barrancas are badly damaged, the former almost wrecked. The navy yard has suffered to the extent of over \$1,000,000. Five war vessels were sunk and driven ashore, the floating dock crushed and other damage sustained. Three lives have been lost there.

The livesaving and immigrant stations on Santa Rosa island have been swept completely off the map and five persons are known to have been drowned there.

The magnificent Escambia drawbridge, costing hundreds of thousands of dollars, is gone, and three lives were lost. It was more than a mile in length and owned by the Louisville and Nashville. Three immense export docks of that company have been swept away or damaged. Every wharf and warehouse along the city has been demolished and the red snapper fishing industry, the largest of the world, destroyed. The immense packing houses have been carried away and of a fleet of about sixty vessels, two of them remain.

From 800 to 1,000 homes have been destroyed, and fully 2,000 damaged to the extent of hundreds of thousands of dollars.

The city is in a terrible condition, and relief committees are working night and day in an effort to relieve the suffering of the hundreds of destitute.

DEATH LIST VERY LARGE.

More Than One Hundred Persons Perished Near Mobile.

Louisville, Oct. 1.—The first news by telegraph out of the stricken city of Mobile was received in Louisville by the Courier-Journal, whose correspondent sent a dispatch in a round-about way from an improvised office in the swamps just on the edge of the city. The information is given in the dispatch that the loss of life in Mobile and vicinity from the great storm of Thursday will probably reach 120, although the death list in the city itself will not be large. The greatest number of lives lost, according to the dispatch, is at a place known as San Souci Beach, a summer resort near Mobile, where thirty-nine bodies are reported to have been recovered.

The property loss in Mobile and along Mobile bay will probably approximate \$8,000,000. The people living on Dauphin Island are suffering for food and they have only the clothes they are wearing.

SIX MORE DEATHS.

Added to List of Drowned in the Mississippi Sound Region.

New Orleans, Oct. 1.—Six more deaths have been added to the list of drowned in the Mississippi sound region. Captain George Culver, his wife and four boatmen who were on an island in Grand Bay on the Mississippi-Alabama state line when the hurricane began have been given up for lost.

Every building on this island was washed into the bay, leaving the place almost completely barren. Search has been pressed for three days without finding any trace of Captain Culver or his employees.

TO BUILD INTO CALIFORNIA.

James J. Hill Planning a Road to San Francisco.

San Francisco, Oct. 1.—The Call says James J. Hill has stolen a march on E. H. Harriman and is getting ready to build into California. Not only has the Great Northern magnate completed a survey of a proposed new line from Boise City to San Francisco, but he has secured quietly a valuable point on the bay shore for railroad terminals and is figuring on the cost of the construction work with the avowed purpose of having San Francisco on his own railroad map inside of the next six years.

It became known that Hill, through representatives sent here several months before the earthquake, tied up the bay farm island property in Alameda county, which will be filled in and extended for a ferry system across the bay.

Hill is coming to San Francisco by way of the Pitt river, which affords him the only means of entering this state and crossing the Sierra Nevadas on an easy grade. His surveys from Boise City carry his proposed new route into the southeasterly part of Oregon to Lake View.

Great Balloon Race.

Paris, Oct. 1.—Sixteen balloons, averaging over 2,000 cubic meters capacity each and representing seven countries, sailed away from the Tuilleries gardens in the heart of Paris Sunday in the first competition for the Gordon Bennett cup for international aeronauts.

THE SITUATION IN CUBA.

Hastens the Return of President Roosevelt to Washington.

Oyster Bay, N. Y., Oct. 1.—President Roosevelt returned to Oyster Bay on the Mayflower at 10:30 a.m. He had been absent forty-eight hours and had witnessed the target practice of the North Atlantic fleet off Cape Cod.

It is understood that the Cuban situation influenced the president to hasten his return. Assistant Secretary Latta went at once to Sagamore Hill with lengthy cables from Havana. He remained with the president through out the day and at night announced that the president had no statement to make on the Cuban situation.

The president and family will leave Sagamore Hill for Washington today.

The work of the "summer capital" came to an end Sunday night. The executive staff with the office paraphernalia will go to Washington with the president. Two cars also have been loaded with the president's horses and such household effects as are needed in Washington.

The occasion of the president's participation in the target practice of the fleet was the only time he had been away from Sagamore Hill since his arrival here July 1. The usual leave-taking ceremonies in which the school children of Oyster Bay have heretofore participated are to be omitted this year.

The president has met his neighbors on several occasions during the summer and it was his wish that no special notice be taken of his departure. The station will be roped off and the official good-bye for the villagers will be said by a committee of citizens.

How's This?
